

Giraffe Classroom

Four-Year-Old Program

Eagle Wing's Four-Year-Old program features a theme and center-based structure. The well-rounded curriculum provides positive learning experiences and encourages growth with socialization skills as children learn to listen, share, take turns, and participate comfortably in individual and group activities. The children participate in circle time, a wide range of art and play experiences, and activities designed to promote development in both large and small motor skills. Learning activities include emergent math, early literacy, and pre-writing. Each day we practice calendar skills with the date, reciting the days of the week and months of the year, counting days, anticipating which number will come next, and even counting backwards. Our daily themes focus on a variety of science, art, and social studies topics.
